

WEBINAR

Thursday  
**Feb**  
**22nd**  
3pm EST

## Visual Management: How to Manage Lots of Data

This presentation will focus on how and when to deploy visual management techniques for various audiences and provide examples of visual management tools.

### Objectives:

- The learner will be able to state 3 benefits of using visual management tools for quality improvement
- The learner will be able to list 2 visual management tools and describe when to use them

## About the Speaker:

Leigh Roche, BSN, MBA, RN, LSSBB, CPPS, CPHQ, is the Regulatory Manager at Dartmouth Hitchcock Medical Center.

Leigh has been in Quality for over 18 years with a primary focus on patient safety and regulatory readiness.
