(AzAHQ, FAHQ, MAHQ, NCAHQ, NEAHQ, OAHQ, OrAHQ, TGCAHQ, & UAHQ)

$35 for Non-members

Register Here or
go to https://www.azahq.org and click on the "Details & Registration" link under the event title

CE: Submitted to NAHQ for approved of 1.0 hour of CPHQ CE credit

Description:. Explore the intersection of healthcare improvement and artificial intelligence (AI), including key challenges in integrating AI into improvement activities. Participants will apply practical PDSA tests using AI chatbots and develop routines for learning and using AI effectively in practice.

Objectives:

- Describe the current intersection of healthcare improvement and artificial intelligence (AI).
- Identify key challenges when integrating AI into improvement activities.
- Demonstrate practical PDSA tests using AI chatbots.
- Develop routines for learning AI in practice

Speaker: David M Williams, PhD | Principal Advisor | DMW Austin LLC
With Twenty-six years of leadership in healthcare quality, David is an independent senior advisor and co-author of Quality as an Organizational Strategy and The QOS Field Guide. He is a senior faculty member at the Institute for Healthcare Improvement (IHI) and former Senior Lead of Improvement Science and Methods at IHI, healthcare system design consultant, and chief quality officer.
